

# Women Caring for the Land

## Early Summer Series

Are you a woman landowner or operator? Join us for any of these women-centered days learning about agricultural conservation practices and available programs in your region! Please dress for walking around in fields and pastures, cost is \$10 per event, lunch provided.

**Amanda Njos | 9202 152nd Ave. SW, Bowman, ND**  
**June 13<sup>th</sup> | 9:00 AM – 3:00 PM**

The Njos' reconsidered their grassland management 7 years ago, asking themselves if their land could be more productive? Through winter bale grazing, water infrastructure, fencing, and enrolling in Conservation Stewardship Program (CSP), the Njos have managed to increase their profitability, even during drought years, while improving the land and their quality of life!

**Annie Carlson | 927 6th St NW, Mercer, ND**  
**June 20<sup>th</sup> | 9:00 AM – 3:00 PM**

Annie Carlson and family run Morning Joy Farm – producing pastured chicken, turkey, and pork, as well as grass-fed lamb and beef. The Carlson's are passionate about using these animals to regenerate the land and keeping the next generation connected to their food system. Enjoy a family-friendly day on the farm, network with other women in agriculture, and consider the legacy your land will leave!

**Deanna Sand | 10064 66th Ave SE, Ashley ND 58413**  
**July 12<sup>th</sup> | 9:00 AM – 3:00 PM**

The Sands have learned to utilize pasture rotation to increase their grazing days, and rent crop aftermath to winter graze. Since adding paddocks and allowing pastures time to rest, they've seen tremendous native grass and forb recovery. The Sands are passionate about family, ranching, and taking care of the land for future generations.

**Eden McLeod | 84 11th St. NW, McClusky, ND 58463**  
**July 26<sup>th</sup> | 9:00 AM – 3:00 PM**

Eden McLeod and her family run a small ranch in McClusky, ND. The McLeod's integrate a multitude of programs and practices into their operation to add value including; CRP, berry and shrub plantings, and pollinator plots on low producing areas.

Please **RSVP** to Cayla at 701-498-2920
